ICOG Chairperson's message

Dear FOGSIans and ICOGians,

It gives me great pleasure to write the Chairperson's message for the first FOGSI-ICOG Newsletter of the year 2026-27.

As you are aware, ICOG is the academic wing of FOGSI and is in existence since 1984. The aims and objectives of ICOG are to promote education, training, research and spread of knowledge in the field of Obstetrics, Gynaecology, Reproductive health, Family Welfare and related areas. Our tagline is "Setting the Benchmark for Obs/ Gyn Excellence".

I took over as Chairperson ICOG along with the other Office Bearers and the new Governing Council 2026-27 which was installed at the glittering ICOG Convocation at AICOG Delhi 2026 on 17th January. Since then, it has been a non-stop academic feast with multiple ICOG web series being conducted every month. These include the ICOG Guru Mantra, Masterclasses, PG Clinic, Gurukul PG Teaching programme, Research Methodology and Journal Club and the Certificate Courses. All of the programmes have been consistently attended by a huge audience which has broken all previous records.

In this new year 2026, our plan was to strengthen the ICOG academic platform and revamp, revitalise and reinvigorate the activities of the ICOG at every level. The primary aim of disseminating evidence based medicine with every FOGSIan was to be addressed first and foremost by reaching out to all obstetricians and gynaecologists throughout the country.

Working in conjunction with FOGSI, the Office Bearers and Committee Chairpersons, ICOG has aimed to actively participate in multiple activities working towards women's health and the betterment of patient care. The newly elected 25 Governing Council members, who are an enthusiastic, vibrant force and have been a huge asset to ICOG for its activities so far and will help coordinate the many research projects planned for the future.

I wish to express my gratitude to the Past Chairpersons of ICOG, Past Presidents of FOGSI, Dr Bhaskar Pal, President FOGSI and other eminent seniors for their blessings, support and encouragement. Thanks also to our Secretary, Dr Pratik Tambe, who is a dedicated academician and to our ICOG Office Staff at the backend.

We look forward to your active participation in the ICOG activities, teaching, certificate courses, masterclasses, training programmes and postgraduate training activities. The Fellowship application portal is open and we strongly recommend you to please spread the word and encourage more of your colleagues to become Fellows and Members of the College.

We look forward to seeing many of you at the FOGSI-ICOG Annual Conference in Bangalore on 22nd-23rd August, 2026 where the second ICOG Convocation of the year will also be conducted.

Long live FOGSI-ICOG!

Setting Benchmark for OBGY Excellence

Mission:

The aims and objective of establishing the College are to promote education, training, research and spread of knowledge in the field of Obstetrics, Gynaecology, Reproductive health, Family Welfare and related areas.

Vision:

The vision of the Indian College of Obstetricians Gynaecologists is to strive for advancement of standards of education and quality healthcare practices throughout India. The College encourages safe and ethical obstetrical gynaecological practices for patients' benefit.

HDP Gestosis Score

Developed by Dr. Gorakh Mandrupkar and modified by a team of Dr. Sanjay Gupta, Dr. Suchitra Pandit, Dr. Alpesh Gandhi, and Dr. Ginge Wagh.

This score is accepted in **Good Clinical Practice Recommendations (GCPR)** by FOGSI-ICOG and Gestosis India Association.

FOGSI's GCPR on Hypertensive Disorders in Pregnancy (HDP) 2019

Process of Risk Scoring

Mild, Moderate, and High-risk factors are quantified as 1, 2, and 3 respectively.

Score is calculated by using a questionnaire about 27 risk factors.

When Total HDP GESTOSIS SCORE is ≥ 3 , the pregnant woman is marked as "At Risk for HDP."

Factors like MAP (Mean Arterial Pressure), Weight Gain, Anemia, GCT (Glucose Challenge Test) and TSH may alter the score during each visit.

Prospective Study on Comparison of Mental Health Conditions in Women with Polycystic Ovary Syndrome (PCOS) and Age-Matched Healthy Controls from community: A Multicentric Community-Based Cohort Study

Primary Objective

- To determine and compare the prevalence and severity of mental health conditions — depression, suicidal ideation, anxiety— in women with PCOS and age-matched healthy controls.
- To identify **clinical and lifestyle correlates** of psychological disturbances in PCOS (BMI, waist-hip ratio, acanthosis, socioeconomic status, etc.).
- To evaluate **associations among psychological domains**, particularly perceived stress with depression, anxiety, and sleep quality

Data Collection and Management

Recruitment: Consecutive eligible PCOS patients and controls from community (colleges, work place, housewives, hospital staff)
Clinical Data Collection: history, lifestyle details, medical history, Anthropometric measurements, menstrual history, acne/hirsutism score, acanthosis grading.
Interview Administration: Standardized order — PHQ-9 → GAD-7

Study Design

- Type: Multicentric, community-based, prospective observational cohort
- Duration: 6 months
- Sites: 3–5 centers across different Indian regions (North, South, East, West)
- Data Collection Team: Gynaecologists / resident doctors administering standardized questionnaires face-to-face.

Expected Outcomes

- Determine and compare mental health profiles of PCOS and control women.
- Provide baseline evidence to guide mental health screening protocols in PCOS care.
- Foster collaboration between endocrinology/gynecology and clinical psychology in holistic PCOS management.

ICOG Multicentric Study: Developing Nomograms for Femur Length in the Indian Population

MULTICENTRIC STUDY PROPOSAL

The Challenge

Existing fetal biometry standards fail to accurately reflect India's diverse population, leading to potential misestimations of gestational age and fetal growth.

The Solution

A rigorous multicentric study to establish precise, precise, population-specific nomograms for fetal femur length (FL) across Indian cohorts.

The Goal

Equip clinicians with a validated tool for enhanced enhanced prenatal care — improving maternal and maternal and neonatal outcomes nationwide.

REPORT ON ICOG ANNUAL CONFERENCE 2026

21st – 23rd August 2026 | Hotel Lalit Ashok, Bengaluru

The Bangalore Society of Obstetrics and Gynaecology (BSOG), under the aegis of FOGSI, had the privilege of hosting the ICOG Annual Conference 2026 from 21st to 23rd August 2026 at Hotel Lalit Ashok, Bengaluru.

The conference, themed “Innovations in Fertility, Compassion in Pregnancy Care” brought together eminent national faculty, ICOG Fellows, delegates, postgraduate students and practitioners of Obstetrics and Gynaecology for three days of academic exchange, scientific deliberations and professional interaction.

The conference witnessed an excellent response from the medical fraternity, with participation from across the country.

Scientific Programme

The scientific programme was structured to provide a blend of state-of-the-art lectures, interactive sessions, panel discussions, case-based deliberations and hands-on workshops.

The conference featured distinguished speakers and experts who shared their experience and expertise on emerging concepts and practical aspects of Obstetrics and Gynaecology. The sessions encouraged interaction between delegates and faculty, enabling participants to gain insights into current evidence, newer techniques and evolving standards of care.

Workshops

A major highlight of the conference was the extensive workshop programme, which provided delegates with opportunities for practical learning and skill enhancement.

The workshops included:

- Hysteroscopy Workshop
- Fetal Medicine Workshop
- C-Section Workshop
- IUI Workshop

The conference was formally inaugurated by Dr Pawan Kumar, Additional Commissioner, Ministry of Health & Family Welfare, Government of India, who graced the occasion as the Chief Guest. His presence added significance to the inaugural ceremony and highlighted the importance of continued academic advancement and collaborative efforts in women's healthcare.

It was honour to have Prof. Tsung-Hsien from Taiwan as an international faculty member at the conference. His participation added an international dimension to the scientific programme and provided delegates with an opportunity to gain insights from global expertise.

The conference was also privileged to have Dr Usha Saraiya, an eminent and respected figure in the field, as part of the faculty. Her presence and academic contribution enriched the scientific deliberations.

ICOG Orations

ICOG CS Dawn Oration

The ICOG CS Dawn Oration was delivered by Dr Parag Biniwale, who presented an insightful academic deliberation on the subject and shared his expertise with the delegates.

ICOG Prof. Krishnendu Gupta Endowment Conference Oration

The ICOG Prof. Krishnendu Gupta Endowment Conference Oration was delivered by Dr Bhaskar Pal, featuring an engaging and academically enriching presentation.

ICOG RRR Oration

The prestigious ICOG RRR Oration was delivered by Dr Sheela V. Mane, who brought her extensive academic experience to the scientific platform.

Academic Impact

The conference successfully brought together a large number of eminent faculty and delegates, creating an environment conducive to knowledge sharing, academic interaction and professional networking.

The combination of plenary scientific sessions, focused academic discussions, interactive formats and hands-on workshops ensured that the conference addressed both theoretical knowledge and practical clinical skills.

The participation faculty and ICOG Awardee Fellows, along with substantial workshop participation, reflected the scale and academic significance of the meeting.

Conclusion

The ICOG Annual Conference 2026, hosted by BSOG at Hotel Lalit Ashok, Bengaluru, from 21st to 23rd August 2026, was a significant academic event bringing together the wider Obstetrics and Gynaecology community.

With its strong faculty participation, distinguished ICOG orations, focused workshops and diverse scientific programme, the conference provided an enriching platform for continuing medical education and professional development.

The successful conduct of the conference was made possible through the collective efforts of the ICOG Governing Council Members, BSOG office bearers, organising and scientific committees, faculty, delegates, workshop teams, volunteers and supporting partners.
